COPPER STOCKS IN BOSTON AND NEW YORK

Following is the daily market comment of Paine. Webber & Co., Boston, to-gether with the range of prices of copper stocks and other Boston listings in which the west is interested, as well as a similar report on New York curb transactions, by James A. Pollock & Co., and from which it is secured for use in this department of The Herald:

Boston, Jan. 14.—Superior & Pittsburg seemed to be the only stock in which there was pressure to sell. The balance of the list was extremely dull, with fitfui fluctuations whenever an order came in to buy or sell fifty or one hundred. North Butte was considerably stronger than it has been for the past two days and traders were rather nervous trying to cover any stock which they may have sold short. Wisconsin Central preferred was the favorite among the railroads on a rumor, published in the New York World, that the Canadian Pacific had purchased control of the stock and would guarantee a 4 per cent dividend. Local interests are advertising for proxies on Daly-West and it looks as if there would be a contest for control at the coming election. This has stirred up a little activity and strength in the stock, which has sold as high as 11. The whole market has yet shown no tendency which would encourage buying.

Pierce Great Arrow Stevens-Duryea Pope Hartford Chalmers-Detroit

You are studying the 1909 array of automobiles and deciding on the car you will drive this season. The above cars represent the very highest type of American motor car construction. THE VERY BEST CARS FOR SALT LAKE CITY SERVICE, AND WE CAN PROVE IT. IF YOU ARE NOT QUITE CONVINCED, GET A DEMONSTRATION. No further argument will be necessary.

Tom Botterill Automobile Co. 62-64 West Third South.

samples will run between twenty and 25 per cent lead, and thirty to forty ounces silver, with a high excess of iron over silica, making the ore an ideal smelting product. In addition to the fine showing that is being made on the Sun property, Mr.

Sheppers reports that several other companies and individual operators are developing first-class mines. At the Lue property adjoining the Revenue company's mines, the owners of which are two local operators of the southern country, about \$20, worth of high-grade silver are is now on the dump. This rock will

though its mines are so big that every engineer who has visited the camp declares the property is one of the finest in the state. This company owns over 100 claims in the Pine Grove district, more than half of which are patented and the rest surveyed for patent. It owns a most valuable water right and timber lands with a world of fuel wood and a million or two million feet of saw timber. It also owns meadow lands Hendra and Elizabeth Lloyd. and has other assets that make of it tions imaginable.

Some of the men who are interested in that country declare that if some such energetic operator as Samuel been established and reduction works provided for the treatment of the world

LION HILL CON

Letter of Superintendent to Shareholder Indicates Fine New Mine at Ophir.

lows:

"We have just made connection with the Chloride Point working tunnel and cut the main Chloride Point vein about 60 feet on a dip of 30 degrees above the bottom of the lower workings. We are now engaged in blasting and cutting out a station for a temporary windlass, and then it will take about two weeks' work to straighten out, and lay rails down to the face of the bottom, at which place the vein shows as strong if not stronger than at any place for the entire distance of 1,500 feet driven on the vein from the surface outcrop, the face of the bottom.

of 1.500 feet driven on the vein from the surface outcrop, the face of the bottom workings being all in ore for fourteen feet across. From samples that I have made assays run fro 20 to 300 ounces silver, with some gold and lead.

"The vein is dipping into virgin and undeveloped ground for several thousand feet ahead of us. I naturally look for big results from this south part, or center, rather, of the Lion Hill Consolidated.

dated.

"Following is a list of shipments taken from the smelter returns of the ore extracted between the point where we broke through with the tunnel and the 60-foot distance to the face of the bottom:

Silver. Gold. Pounds. Sold for.

Lot 1....121 oz. \$1.35 55,660 \$1.865.12

Lot 2....91 oz. 1.15 56,400 1.378.91

Lot 3....136 oz. 1.25 51,850 2.012 75

Lot 4....68 oz. 2.66 65,620 1.272.27

Lot 5...59 oz. 1.50 49,930 799.83

Lot 6...59 oz. 1.25 48,940 791.65

Lot 7....63 oz. 1.25 48,940 791.65

Lot 7....63 oz. 1.25 48,940 739.62

"This amounts to nearly \$9,000, showing

letter. These samples were given to Currie for assay and the average of the three was 212 ounces silver. 15 per cent lead and \$1.14 in gold per ton.

Mining Notes.

Two carloads of ore from Utah mines and three from Nevada were released from the Pioncer sampler yesterday. There were released from the Taylor & Brunton sampler yesterday one carload of ore from Idaho and seven from Utah mines.

There were released from the Taylor & Brunton sampler yesterday one canload of ore from Idaho and seven from Utah mines.

Captain Duncan MacVichie, who has spending several days in a visit among the mines of Pioche and other southearn Nevada camps, is expected back today.

White Pine (Ely) News: R. M. Atwater, jr., who has been examining the Giroux property for the last ten days, left on yesterday morning's train for the east. Mr. Atwater expects to be gone for six or seven days, when he will return to spend further time examining the Giroux.

Blam D. Bohm is designated as the local agent. The Emerald Oil company, with head-quarters at Vernal, filed articles of incorporation yesterday. The limit of captian in Rio Blanco county, Colo., will be exploited. Enos Bennion is president. N. J. Meagher secretary-treasurer, and these with Alf N. Johnson, W. H. Siddoway are the directors.

DOINGS OF UNLISTED STOCKS ON EYCHANGE

The suit brought some time ago against the old California and Comstock mining companies by the Park City Meat company, and which involved the right to levy on the Comstock hoisting works, boarding house and the Comstock shaft, has been appealed to the state supreme court. The trial in the district court resulted in a victory for the defendants.

The party of Utah Copper officials and their friends, announced yesterday morning as being on the way here, were due to arrive at midnight. They will make a general inspection of the company's properties and return east in three or four days. General Manager D. C. Jackling stated yesterday that there was no other significance in the visit of the party, so far as he knew.

SIUCKS UN EXCHANGE

During the informal trading on the mining exchange yesterday Daly sold at \$1. Naildriver at 17c, Ohio Copper from \$6.35 back to \$6.20, East Crown Point at 2c and Plutus at 18c.

Bingham Central Standard was quoted at 25½c at 27½c, Bingham Standard Copper at 12c bid, Ely Witch at 21c bid, Mineral Fiat at 12c at 13c, Ohio Kentucky at 50c asked. Talisman at 5½c bid and Uintah Treasure Hill at 23c at 25c.

is headed, and which will be tapped at a depth of something

Property Opened by E. S. Chafey Is Wanted by Parties Formerly Holding Bond.

There has been filed in the district court here a suit for possession of the run several hundred ounces silver per three richest claims in the camp of

representing the Dun Glen Mining company, alleges that Henry W. Kont, president of the Dun Glen Mining company, and a nominal defendant in the sult, secured a lease and option to purchase the three mining properties. purchase the three mining properties now held by Harlowe, Sims, Chafey and the Chafey-Sims Mining company

He was unable to secure the money one of the most independent corpora- for the Dun Glen company to purchas the properties and had Charles Harlowe, also a director in the Dun Gler company, go to the owners of th such energetic operator as Samuel properties and secure an extension of Newhouse was to take hold down there it would be no time until a town had secured this extension after the purchase price had been raised to \$25,000 provided for the treatment of the world At the time he secured the option of ore that is already exposed, and however, it is alleged that he had an which could be developed in short or- agreement with the owners of the property — Elizabeth Hendra, James Hendra and Elizabeth Lloyd, that it the Dun Glen company did not take over the claims of the option he should have a personal option.

The Dun Glen company, supposed to be represented by Harlowe, failed to raise the necessary money in time and Harlowe took an option on the claims personally. He then transferred portion of his interests to E. S. Chafey and William Sims, and later all three incorporated the Chafey-Sims Mines company, and that company paid for the properties and secured a deed from the original owners.

While the Dun Glen company named as the plaintff in the action, the suit in reality is brought by Peter H. Updike, the prominent Omaha bank-In response to a request for detailed information concerning what is doing at the Lion Hill Consolidated company's property, in the Ophir district, Superintendent George St. Clair has written a local stockholder in the company as follows:

"We have just made connection with for the next several weeks. While at

DALY-WEST COMPANY'S APPROACHING MEETING

The annual meeting of the Daly West Mining company will be held in Denver on the 15th of next month. Transfer books will close on the 20th of this month and remain closed until after the meeting. Lot 5..... 59 oz. 1.50 49,990 799,83
Lot 6..... 59 oz. 1.25 48,940 791.65
Lot 7..... 63 oz. 1.25 48,670 739,62
"This amounts to nearly \$9,000, showing what the vein is capable of doing. Just as quick as we can connect up everything, we can take out shipping ore from the satisfactory of the bottom and the south stope on the satisfactory of the management this time has not so far the bottom and the south stope on the control from interests now in the saddle. What basis there is for complaint against the management this time has not so far cropped to the surface on this end of the line, where the greatest tranquillity pre-

as quick as we can connect up everything, we can take out shipping ore from the bottom and the south stope on the tunnel level, where we have two and onshalf feet of rich shipping ore and eight feet of rich shipping ore and eight feet of milling ore. We will be ready to increase the working force at the mine then.

"At the east side tunnel of the north and of the Lion Hill Con. we have sunk and drifted about 20 feet between the Chloride and North stopes, that produced so many thousand dollars.

"This face of the drift is highly mineralized and a big body can be expected at any time. However, the lime bed is over 50 feet wide and will have to run, and 100 feet to cut under the Chloride stope, and 100 feet to cut under the North stope.

"They have a little high grade ore at the Iron tunnel. Everything looks encouraging at that part of the mine, and if the Lion Hill can get the proper equipment to develop its various veins and ore shoots during the year of 1909 this Ophit."

The have a little high grade ore at the Iron tunnel. Everything looks encouraging at that part of the mine, and if the Lion Hill can get the proper equipment to develop its various veins and ore shoots during the vear of 1909 this Ophit. The letter then went on to say that three samples of ore, which represented the different characters of the rock then being broken, had been mailed with the letter. These samples were given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for assay and the average of the three was 212 cuttors given to Currie for a say and the average of the cuttors and the comp

INCORPORATION PAPERS

The North Utah Mining company of Bingham, a Portland, Me., corporation, has qualified to do business in Utah by filing certificate of incorporation with C. S. Tingey, secretary of state. The company was incorporated in February, 1906, with a capital of \$2,500,000, which was increased to \$3,500,000 in August last. William D. Bohm is designated as the local agent.

Now Seems Certain Amalgamated Interests Are Going to Buck Guggenheims.

(Pollock Private Wire.) Cole-Ryan interests into the affairs of the Giroux Consolidated dates back to last September, when a mysterious aceumulation of the company's shares was in progress. Very recently the diterday were long on noise, but there was rectors of the company have been conpany's Nevada property by the Copper Mines company, in which Will'am B. Thompson of New York is a dominat-

expire until June 1910, it was necessary for the present management to com to an agreement with the Cole-Ryan nterest in regard to future policies.

The board of directors will therefore be scaled from twelve, at present, to nine, and three classes will be made, composed of three each, the first to serve for three years, the second for two years the third for one year. The Cole-Ryan people probably will have representation in the first two classes leaving the one-year class to be filled by the present representatives of the Giroux Mining company. In this shifting it will become necessary ultimately for nine Giroux directors to resign.

Boston, Jan. 14.-The entrance of the

For the purpose of increasing the amount of authorized bonds, and to increase the capital stock, the stockholders will be called in a special meeting to be held Feb. 2, immediately following the annual meeting for the same date.

The movement of the Cole-Ryan interests in acquiring the Giroux proper-ty is a strategic one, and believed to have an indirect bearing on the plans of the new International Smelting & Refining company, which is also to make formal announcement of its plan in opposition to the Guggenheims soon. The Giroux property, it will be re-called, is adjoined on the east and west by the Nevada Consolidated and Cumberland-Ely mines, in which the Guggenheims are controlling factors. A
